

## PROJECT DETAILS

### LOCATION

Village of Bartlett & Wayne  
Township

### ISSUE

Existing bridge over the West  
Branch of the DuPage River is  
approaching end of life

### SOLUTION

Replace bridge, including  
widening and raising the deck  
to accommodate future needs

### BENEFIT

Ensure the long term viability  
of the County Highway System

### COST ESTIMATE

\$8,500,000 (Eligible for State  
Funding)

### DISTRICTS REPRESENTED

US Senate - Illinois

US Representative Districts  
3 & 8

IL Senate Districts 24 & 25

IL Representative Districts  
47 & 49

County Board District 6

## ARMY TRAIL ROAD BRIDGE OVER THE WEST BRANCH OF THE DUPAGE RIVER

## PROJECT HISTORY & INFORMATION

This project replaces the existing Army Trail Road Bridge over the West Branch of the DuPage River, which has reached the end of its life. The new bridge, which is currently under design, will include a longer bridge span to allow for higher clearance over the river, as well as additional roadway width to improve the overall roadway alignment on Army Trail Road. The wider bridge deck will also accommodate future ADA compliant pedestrian facilities along the County Highway.

Army Trail Road carries more than 18,700 vehicles per day between IL Route 59 and County Farm Road. It serves as a key arterial for east-west traffic in the northwest portion of the county.

The proposed improvements will ensure that the river crossing can meet the needs of the County for decades, including providing adequate future hydraulic capacity and serving motorists and pedestrians alike.

Construction is anticipated to begin in 2025, pending permitting and final engineering.
